

ANNOUNCING A NEW PARTNERSHIP

Northwest Atlantic is proud to announce a new partnership with **Gateway Newstands**. Northwest has been mandated to represent Gateway Newstands in market planning, site selection and real estate transactions for mall, streetfront and major mixed use buildings throughout Canada.

Gateway's convenience store concept is best suited for kiosks and in-line store formats within large office buildings and shopping centres as well as institutional and transit locations. **Gateway** products range from tobacco and related products to lottery tickets, confectionery, newspapers, magazines, pocket books, cards, gifts, hot and cold beverages, snack foods and more.

Gateway is looking for continued expansion opportunities across Canada, as well as expansion by way of any suitable "acquisition of a complimentary chain".
