

## Exclusive Representation Across Canada

**Northwest Atlantic (Canada) Inc. Brokerage** is proud to announce our newest client **L'Occitane en Provence** and their real estate expansion plans for Canada.

L'Occitane began its story in 1976, drawing inspirations from the lands, traditions and techniques of the Mediterranean. Their natural beauty and skin care products are effective, authentic and appealing. Today, L'Occitane continues to combine nature and research, following the principles of aromatherapy. Formulas are created that are rich in active ingredients and essential oils that delight the senses and deliver proven benefits. All products are formulated with natural ingredients, including a range of Ecocert-certified organic products.

L'Occitane is a socially responsible company with strong core values: respect for both man and environment, with an emphasis on exchange and sharing.

In May 2009, the Canadian distribution activities have been acquired by the L'Occitane Group from the former Canadian distributor and L'Occitane now plans to expand rapidly throughout the Country.

The concept is ideally suited to strong regional enclosed fashion malls and urban "high" street locations between 800 and 1,200 sq. ft. with a minimum of 25' feet of frontage.
