NEW CONCEPT – LOCATIONS WANTED

Northwest Atlantic (Canada) Inc. is proud to launch Manchu Wok's new Japanese concept, Suteki Express.

Northwest Atlantic is mandated to exclusively represent Manchu Wok in market planning, site selection, and real estate transactions throughout Canada.

Manchu Wok has quickly grown from one store in Peterborough into a 200+ chain that crosses international borders, to include Canada, the United States, Japan and Guam. The chain's reputation as a menu innovator continues to grow; specializing in delicious Chinese cuisine, ranging in style from Cantonese to Szechwan, and now offering fast and fresh Japanese with their new concept Suteki Express.

Northwest Atlantic is looking for new locations to facilitate the arrival and growth of Suteki Express, as well as to expand their trademark Chinese food concept further. Manchu Wok and Suteki Express are seeking locations independently as well as opportunities in proximity to each other.

Suitable locations include street front, food courts, plazas and freestanding pad locations for both concepts.
