

Northwest Atlantic is proud to announce that it has been retained to handle the real estate needs for Rob McIntosh China.

Established in 1906, Rob McIntosh China has grown to be Canada's largest independent chain of fine quality tableware and collectibles in Canada. The idea to create a big city gift and quality tableware store with small town values and service has proven to be tremendously popular. It was a record year for new store openings in 2003, with new stores opening in B.C., Calgary, Ontario and Manitoba.

Today Rob McIntosh China operates 35 stores coast to coast, as well as being in partnership with Sears in bringing together the most powerful Gift Registry Alliance in Canada! Select Canadian expansion will be considered for 2005 openings in major markets for stores of 2,300 to 2,500 sq. ft. in enclosed malls. Power Centre sites will also be considered and require approximately 5,000 sf. These stores offer a deeper selection than traditional mall locations.
