# ANNOUNCING A NEW PARTNERSHIP

**Northwest Atlantic (Canada) Inc.** is proud to announce our new partnership with **T & T Supermarket Inc.** Northwest Atlantic has been mandated to exclusively represent T & T Supermarkets in market planning, site selection, and real estate transactions throughout Eastern Canada.

T & T Supermarket is Canada's leading Asian food store operator. Founded in Vancouver in 1993, T & T have expanded into the Calgary, Edmonton and Toronto markets. The chain currently operates 12 stores in Canada and employs 2,300 people.

The T & T Supermarket concept provides a specialized assortment of top-quality Asian goods, in combination with the typical mainstream offerings of a western-style food store. The presentation of the store typifies the latest in supermarket merchandising and a clean, bright décor. To many Canadians, T & T Supermarket is the embodiment of the taste of Asia. It differs from other supermarkets by featuring many uniquely Asian food products not available in other retail outlets

T & T's corporate preference is to locate in high profile shopping centres, together with other national tenants. T & T require 50,000 square foot locations and can be flexible in their space requirements to accommodate real estate opportunities. T & T targets communities with a significant Asian demographic component.
